# B THEATRE BURLINGTON

## 2023 Theatre Workshop

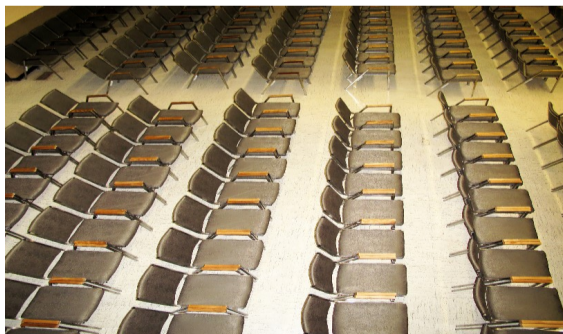

### Hope for Home

This workshop is designed for adults to learn how live theatre is created, starting from the selection of a play, and continuing through to a live performance in front of an audience.

Participants will have the opportunity to experience all aspects of the creative process.

Attend this 5 week workshop, starting June 13th, and take an active role, either onstage or backstage, in a performance to be held on August 12th. Attendance is limited to 20 participants, and with sufficient demand, a parallel workshop will be offered starting June 15th, with a performance on August 10th.

Register by calling the Theatre Burlington box office at 905-639-7700.

Cost to participate is \$25.00, and includes all materials, as well as a one year membership to Theatre Burlington.

This workshop is being supported by the City of Burlington Arts and Culture Fund.
